A premium, complete bathroom ensemble based on aesthetics, durability and simplicity was launched by Jaquar, in collaboration with Matteo Thun & Antonio Rodriguez, popular hospitality, architecture, and interior design studio of Europe. Jaquar Laguna was showcased at a glittering awards night with India's leading hoteliers and designers in presence. "Thoughtful reduction of the obvious is simplicity, and this is what makes Laguna a special offering," said Sandeep Shukla, Head Marcom, Jaquar Group global operations.

The brand says, "The main qualities of the Matteo Thun zero design philosophy are durability, simplicity, neutrality and sustainability. In all of his studio's designs, people can understand and use the product intuitively. It's almost a subconscious reaction and liking. For us, his overall vision was to design, for a global audience, a collection that is clear in its purpose, elegant in its execution, simple in its use and offers a long product lifespan."

Talking about working with India's leading bath brand, Matteo Thun says, "The strength of Jaquar is high quality - quality of design, quality of materials and the quality to implement an all-over design vision." Antonio Rodriguez adds, "They translated and realised the entire design concept to a 100%. We are happy to collaborate with a brand of excellence. We trust them, and they trust us."

This design was launched in India on December 16, in Delhi, by Rajesh Mehra, Director and Promoter of the group. He said, "This collection has been exclusively launched for the hospitality and HNI segment, which has global sensibilities. Laguna will set new benchmarks in design possibilities

for exquisite bath spaces, with its exquisite range of design and colour options."

According to the brand, "This latest collection offers multiple combinations blending a minimal design with direct functionality, bringing to form simplified shapes, warm colours and excellent material." The faucets are available in eight colour options, with both single and dual-tone shades. It includes a wide selection of faucets, sanitaryware, wellness products and shower enclosures.

I want to spread my wings and graduate to playing central characters: Abhishek Kapur

Abhishek Kapur is currently seen in Kundali Bhagya

I WOULD LOVE TO BECOME A PART OF SOME GOOD WEB SHOWS. I, TOO, HAVE A BUCKET LIST OF CHARACTERS I WANT TO PLAY. I AM AIMING TO ACHIEVE MY GOAL THIS YEAR. IT IS OKAY TO BE GREEDY AS AN ACTOR

After being a part of *Ajeb Dastaan Hai Yeh* and making some episodic appearances, **Abhishek Kapur** joined *Kundali Bhagya* over four years ago to play Sameer Luthra. This became his big-ticket TV show. He shares, "I did a couple of shows, but I didn't get noticed for those outings. I earned recognition for my stint on *Kundali Bhagya*. I may not be the male lead, but my track is important. As an actor, I perform every character with full conviction and whether I am playing the lead or not is secondary. However, I want to spread my wings now and graduate to playing central characters."

Does that mean that he will not mind quitting *Kundali Bhagya* for another project, in which he gets to play the lead? "I am what I am because of this show and will forever be grateful for this opportunity. However, if something better comes my way, I will take it up. If I get to play the lead in another show, I won't mind quitting *Kundali Bhagya*," he replies, adding, "I also want to make progress in life and can't afford to be complacent. I don't want to restrict myself and want to attempt versatile characters. I want to play the lead in a TV show."

Abhishek doesn't want to restrict himself to any medium either. He shares, "OTT has evolved, and we have such amazing home-grown content. I would love to become a part of some good web shows. I, too, have a bucket list of characters I want to play. I am aiming to achieve my goal this year. It is okay to be greedy as an actor."
