

BLISS OUT

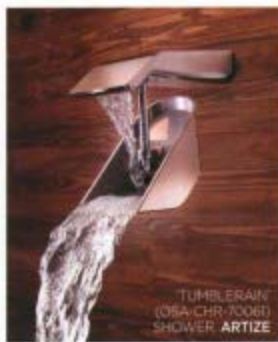

The world's greatest architects and interior designers are elevating the once utilitarian bathroom into sophisticated spas for the home

STYLISTS SAMIR WADEKAR & MITALEE MEHTA

LEROY STREET STUDIO

A cantilevered rectangular block of this Hamptons home encases a tranquil, rustic design conceived by Leroy Street Studio. The Zen calm continues in the master bath, with a Japanese soaking tub and bench by Bartok Design. The vintage light is by John Salibello and the fittings by Lefroy Brooks.
