

# Jaquar celebrates spirit of design with Design Confab

Jaquar Group has launched Design Confab, a unique platform that brings together leading architects, builders and designers to celebrate the spirit of design. The topic for the first Jaquar Group Design Confab is 'Best practices for smart, high-performance Indian buildings'. In recognition of the excellence and effective best practices in this domain, Jaquar Group has invited some of the leading creative and structural minds from Maharashtra to share their thoughts, ideation process and vision. The interactive session in Pune will see deliberations from leading architects.
